

Heavy Duty wide crown staplers capable of handling a variety of applications. The Wide-crown staplers are lightweight and well-balanced, minimizing operator fatigue.

Applications:

Primarily for asphalt roof shingles. Also capable of handling a variety of other applications including foam insulation board, corrugated carton to skid, furniture/cabinet frames and butt-joints.

Features and Benefits:

- Lightweight 5.2 pounds
- High load capacity (150 staples)
- Designed for fast loading, consistent flush driving
- Adjustable depth of drive safety
- Comes in a rugged tool case
- EZ Clear virtually eliminates downtime caused by fastener jams
- Long lasting wear plates and carbide safety
- Drives $\frac{3}{4}$ "- $1\frac{1}{2}$ ", 16 ga 1" wide crown staples
- One year warranty

Tool Specifications:

Item #: 2Z0001N: Contact Actuation (Dual Action)
2Z0002N: Sequential Actuation (Restrictive)
Weight: 5.2 lbs. (2.36 kg)
Height: $8\frac{3}{4}$ " (222.25 mm)
Length: $14\frac{3}{8}$ " (365.125 mm)
Staple Capacity: 150
Operating Pressure: 70-120 psig (4.8-8.3 bar)
Mode of Operation: Tool is available with either contact actuation or sequential trigger mechanism.
Hose Fitting: $\frac{1}{4}$ " NPT

Fastener Specifications:

Staples: Drives $\frac{3}{4}$ "- $1\frac{1}{2}$ ", 16 ga 1" wide crown staples
