

The new Senco® SHF50 Pneumatic Hardwood Flooring Nailer is ergonomically designed with the hardwood installer in mind. It has a rugged composite base to virtually eliminate scratching and damage to the wood surface. It's also the industry's only pneumatic hardwood flooring nailer with a work contact safety, which is activated when the tool is positioned on the flooring tongue -- not by depressing a trigger.

Applications:

For the installation of 1/2" (12mm) to 33/32" (26mm) hardwood flooring. (1/2" applications require optional adapter.)

Features and Benefits:

- Easy on the arm, requiring only 4 lb of swing weight
- Mallet-actuated firing simultaneously sets floor boards (tongue into groove) and drives cleat nails at an ideal 45° angle
- The only pneumatic hardwood flooring tool with a work contact safety, which is activated when the tool is positioned on the flooring tongue— not by depressing a trigger
- Unlike staples, cleat nails minimize wood splitting and still allow for expansion and contraction of flooring materials.
- Lightweight - only 12 lbs
- Composite base reduces scratching and surface damage
- Mallet actuated (mallet included)
- Ergonomically designed for improved productivity, less fatigue and ease of operation

Tool Specifications:

Item #: 710001N (Sequential actuation trigger)
Tool Weight: 12 lbs (5.5 kg)
Height: 17-3/4" (451 mm)
Length: 16-1/4" (413 mm)
Cleat Capacity: 110
Reg. Operating Pressure: 70-120 psig
Mode of Operation: Sequential Actuation

Fastener Specifications:

The SHF50 drives 1 1/2" (38mm), 1 3/4" (45mm) or 2" (50mm) "L" type cleat nails.

Sequential Actuation Trigger (also known as restrictive trigger or trigger fire) operates in the following a sequence - depress the safety element at the nose of tool against the work surface then pull the trigger. After each fastener is driven, release the trigger and lift the tool off the work surface before starting the sequence again. This trigger is recommended and acceptable for most applications.

Always read the Operators Manual and Safety Instructions with all tools to ensure proper use and safety precautions or log on to www.senco.com or call 1-800-543-4596 for more information on Senco's trigger systems. Choose the right trigger system for your specific needs!
