

# AirFree™ 25

The Senco All-Battery Powered AirFree 25 allows you to quickly attack a variety of Finish and Trim projects. No hoses to trip over. No cords to tie you down. And no compressor to move from spot to spot. It's the perfect finish nailer for light to medium jobs, driving up to 1,000 nails per battery charge. Perfectly balanced and easy to use with its comfort grip, the AirFree 25 drives 18 gauge nails from 5/8" – 2 1/8". And it comes with proven features, like adjustable depth-of-drive control, EZ-Clear magazine, and a no-mar pad for perfect finishing.

## Applications:

For light to medium jobs where aesthetics are important (molding, decorative trim, cabinets, drawers and scribe moldings)

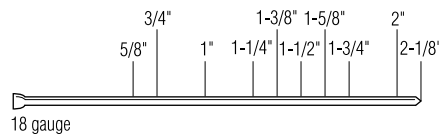

## Features and Benefits:

- Drives up to 1000 nails per charge
- Includes two 12v/2ah batteries
- One hour battery charger
- No compressor set-up
- No expensive and smelly fuel cells
- Adjustable depth-of-drive control
- Comfort grip
- EZ-Clear magazine, no-mar pad for perfect finishing, and a belt drive for quiet operation
- Belt Hook
- One-Year warranty

## Tool Specifications:

Weight: 6 lb (2.7 kg)  
 Height: 11 7/8" (301.6 mm)  
 Length: 11 3/4" (298.4 mm)  
 Nail Capacity: 110  
 Battery Voltage: 12.0

## Fastener Specifications:

\* "Restrictive Trigger" activated tools are used for applications where precision nail or staple placement is desired. You must first depress the safety element where you want to drive a nail or staple and then pull the trigger. After each nail or staple is driven, completely release the trigger and lift the tool off the work surface.

"Dual Action" activated tools are used for applications where high-production work is desired. There are two modes of operation.

Bottom Fire Method: This method of operation is sometimes called bounce firing. You must keep the trigger pulled while moving the tool along the work surface with a bouncing motion, depressing the safety element where you want to drive a nail or staple.

Trigger Fire Method: first depress the safety element where you want to drive a nail or staple and then pull the trigger.

For instructions on safe use of tools, please refer to the Operating Instructions or Customer Satisfaction and Safety Reminder contained in your tool carton.

**HARD WORK. BRING IT ON.™**
